

Project Management

Get It Right the First Time

Innovative Development LLC has developed a Center of Excellence focused on Project Management (PM) services. Our experienced consultants use industry standard processes and tools when applicable via the PMI (Project Management Institute) standards. Innovative Development has over 20 years of Project Management experience. We have expertise in all Project Management models including interactive, incremental, and phased project management approaches. Additionally, Innovative Development has experience in Process-based PM using models such as the CMMI (Capability Maturity Model Integration) and Agile Project Management approaches based on the principles of human interaction management are founded on a process view of human collaboration. Our flexible model has been utilized at many of our clients. Examples in which our customers have utilized our Project Management services include:

Management (and execution) of all phases of a System Development Life Cycle (SDLC), which includes planning, requirements gathering, design, development, testing, delivery and support.

Management (and execution) of internal audits/assessments, in order to create and implement a Corrective Action / Preventive Action (CAPA) plan.

Management (and execution) of outsourcing initiatives (e.g. eDiscovery, system development and maintenance).

No matter the size of your project, we can provide Project Management services to assist you in the creation and execution of an organized plan in order to ensure a successful implementation (e.g. we can take on complete project responsibility, provide outsource PM resource pooling, provide individual PMs based on customer's requirements). Our Innovative Development team understands the importance of getting it right the first time. Our methodologies and "hands on" expertise allows us to deliver unmatched results consistently.

For further information on the Project Management service offered at Innovative Development or to schedule a meeting to discuss your Project Management needs, please contact us at our Corporate Headquarters or consult with your Innovative Development Customer Account Manager.

RESULTS MATTER

The senior management of Innovative Development, LLC has over 25 years experience providing IT consulting services to Fortune 500 companies in many different industries. Innovative Development has offices in Pennsylvania and New Jersey, but we provide system solutions to customers world-wide. On-site or off-site, our solutions are provided on-time and on-budget. Fixed price or Time and Materials, we work with our clients to create the best possible working relationship. At Innovative Development, we know that results matter. Our collaborative working relationships form the basis of our Innovative Solutions to your business system needs.
